LEGAL NOTICE

NOTICE OF PUBLIC HEARING

Please take notice that the Village Board of the Village of Warwick does hereby set a public hearing on the 17th day of May 2021 at 7:30 o'clock p.m. at Village Hall at 77 Main Street, Warwick, NY on proposed Application for FY-2012 Orange County Community Development Block Grant Disaster Recovery Program (CDBG-DR).

The Village invites public comments and suggestions regarding projects to be considered for funding under the Orange County Community Development Block Grant Disaster Recovery Program. Under this program, funding can be used for public infrastructure projects that demonstrate a clear, direct tieback to Hurricane Irene and/or Tropical Storm Lee. Applicants may request assistance with the "local share" of a FEMA Public Assistance project; however, CDBG-DR may not be used to pay for any part of the federal portion of the approved Public Assistance project. Funds may also be used to improve systems that did not function to serve the needs of the community prior to the disaster event or to improve systems that failed during the disaster event. Applicants may also request funding for projects that do not have FEMA Public Assistance dollars in them but that will improve the community's ability to respond to future disaster events. The Village will be considering projects to be submitted to the Orange County Community Development Block Grant Disaster Recovery Program. The deadline for submittal is June 25, 2021.

Pursuant to Governor Cuomo's Executive Order 202.1, the public hearing will be conducted in the following manner: Members of the Village Board will attend the meeting via Zoom videoconference. The public hearing may be viewed live on the Village of Warwick, NY YouTube channel at <https://www.youtube.com/channel/UCK7D7KGbZF6nYfbcWGH6-VA>. Interested parties may submit comments to be received by 4:00 p.m. on May 17, 2021 via mail; Attn: Village Clerk, 77 Main Street, Warwick, NY, 10990 or via email; clerk@villageofwarwick.org. Comments may also be made via YouTube during the public hearing by going to the Village of Warwick, NY YouTube channel.

The Village invites public comments and suggestions regarding projects to be considered for funding under the Orange County Community Development Block Grant Program. Under this Program a variety of physical improvements as listed below are eligible for funding: acquisition and disposition of real property; public works, public facilities or site improvements; code enforcement (housing and health codes); clearance, demolition and rehabilitation for public use or economic development; housing rehabilitation loan and grants; special projects for elderly and handicapped; provision of public services (shelter, clinics, senior nutrition, etc.); payment of non-federal shares of other grant programs; relocation payments and assistance. The Village will be considering projects to be submitted to the Orange County Community Development Block Grant Program. The deadline for submittal is June 25, 2021.

5/10/21

To Whom it May Concern,

My name is Caitlin Bennett, I am a lifelong resident of Warwick and a homeowner on Wheeler Avenue. I am writing to address the many concerns that my neighbors and I have in regards to the detour that goes through our area when Main St. is closed for outdoor dining. Our neighborhood has been negatively impacted by outdoor dining in many ways, and we ask that you take our concerns into consideration.

Outdoor dining on Main Street creates a detour onto Wheeler and its side streets, McEwen and Cottage. These streets are not designed for heavy traffic, and often due to street parking on both sides, Wheeler becomes a one way street. Countless times people taking the detour miss one of the several stop signs, or fail to follow posted speed limits, causing further danger to our area.

Cottage St. McEwen St, and Wheeler Ave combined are home to 40 children under the age of 12. The past year has been difficult for all of us, but especially for our children. The detour will limit access to outdoor spaces where our children can meet with friends and feel some sense of normalcy. When the detour is in effect, the families in this neighborhood cannot let their children play outside due to the tremendous risk that the extra traffic and careless driving causes.

In addition, closing Main St. causes the people that live above the downtown businesses to lose their ability to park near their homes, and to have access to the outdoors in a safe and reasonable manner. Many of these residents are elderly or handicapped, and therefore are essentially trapped within their homes for the duration of outdoor dining.

With the reduction of Covid-19 limitations on restaurants, and with restaurant capacity being increased to 75%, it is our belief that consideration should be focused on the village residents. We propose a reasonable compromise that can address the concerns of our neighborhood. Rerouting the detour to larger streets with less residences, limiting outdoor seating to sidewalks, or reducing the number of days that Main St. is closed from 3 down to 1 would help keep our neighborhood safe. Please consider the residents of Warwick and the impact that closing Main St. will have on our community.

Sincerely,

Caitlin Bennett

RE: Sampling & Reporting Requirement for Disinfection Byproduct Precursors at all filter plants using other than conventional filtration and serving Community & Non-Transient, Non-Community Water Supplies
WARWICK VILLAGE Membrane Filter Plant
CWS ID NY3503561

Dear Water Supplier:

You are receiving this letter as the owner of a drinking water supply filtration plant that uses a process other than conventional filtration. New York State Drinking Water Supply Regulations require monthly raw water monitoring and reporting for Disinfection Byproduct Precursors for all filter plants that use surface water and provide any type of filtration treatment. This requirement also applies when filtering ground water under the direct influence of surface water (GWUDI). These precursors are measured by the labs as Total Organic Carbon (TOC).

This requirement can be seen in the State Sanitary Code at 10NYCRR Part 5, Subpart 5-1.61, copy enclosed. You must regularly monitor the raw water for TOC prior to treatment at each non-conventional filter plant and report the result. If multiple sources are treated at the same time, sample the combined waters prior to the point of application of the first treatment chemical or the first treatment process. The code also has provisions for reduced monitoring which you can see on the enclosure.

Monitoring must be done regularly and the results are to be reported to our office by the tenth day of the following month. You should send the TOC lab report along with your monthly operations report. Please consult with your water supply operator and your certified laboratory to ensure that this required testing is being done. We have also enclosed a revised sample schedule showing this requirement; it should be incorporated into your monitoring plan. If you are not currently doing this testing you should start as soon as practical and certainly within three months.

Please contact our office with any questions.

Very truly yours,

Steven M. Gagnon, M.P.H., P.E.

Monitoring and Control of Disinfection Byproducts and Disinfection Byproduct Precursors

5-1.60 Applicability. (Effective Date: January 17, 2018)

Surface water systems or systems using ground water under the direct influence of surface water that are community or nontransient noncommunity water systems, serve 15 or more service connections or serve 25 or more persons, and use conventional filtration treatment shall operate with enhanced coagulation to achieve the total organic carbon (TOC) percent removal levels specified in section 5-1.63 of this Subpart, unless the system meets the alternative compliance criteria described in section 5-1.62 of this Subpart.

5-1.61 Monitoring requirements for disinfection byproduct precursors. (Effective Date: January 17, 2018)

Monitoring for Disinfection byproduct precursors shall be in accordance with the following table.

Monitoring Requirements for Disinfection Byproduct Precursors							
Source Type	System Type	Filtration Type	Sampling location at each plant	Routine		Reduced ¹	
				Monitoring requirements	Frequency ²	Running annual average TOC results	Frequency
Surface water and GWUDI	Community and NTNC	Conventional	Combined Filter effluent ³	TOC ⁴	Monthly	<2.0 mg/L for two consecutive years or <1.0 mg/L for one year	1 TOC (paired) per plant/quarter
			Raw	TOC ⁴	Monthly		
				Alkalinity	Monthly		
		All other types	Raw	TOC	Monthly	≤4.0 mg/L	1 TOC quarterly

¹Routine monitoring shall begin in the month following the quarter when the running annual average TOC is ≥2.0 mg/L for systems using conventional filtration and >4.0 mg/L for systems using all other types of filtration

² TOC monitoring for disinfection precursors for both treated and source water shall be collected at the same time. These samples (source water and treated water) are referred to as paired samples

³Samples collected for TOC shall be collected no further downstream than point of combined filter effluent turbidity monitoring and representative of treated water.

⁴Systems shall take one paired TOC sample and one source water alkalinity sample per month per plant at a time representative of normal operating conditions and influent water quality. The alkalinity sample shall be collected at the same time as the source water TOC sample.

Dear Mayor Michael J. Newhard,

We, the children of South Street Extension, would like to ask for your consideration to build a sidewalk on our street. It is a busy road and cars often drive very fast. It can be scary to walk to school and to our friends' houses. Having a sidewalk would make us feel safer. Thank you for your consideration.

Dear Village Board Members,

The WarwickValley Quilt Guild wishes to thank you for approval to use the Pavillion in Memorial Park on September 18th for our Quilt Airing.

At this time, we would like to meet in the Pavillion on May 18, June 1 and 29th from noon to three.

It is a wonderful site for our members to see each other and conduct our meeting until the space at the Senior Center is available.

Yours truly,

Mary Kirchoff, Warwick Valley Quilt Guild

Dear Members of the Warwick Village Board of Trustees

The Warwick Art League has been a local non-profit organization for around 75 years. Our purpose is to promote art throughout the community. We normally have between 50-75 members who pay annual dues of \$25 which covers the cost of insurance and our activities.

Our organization has partnered with other local organizations in various ways. We collaborate with the Warwick Garden Club to provide plein air painting and photographing during their annual Garden Club Tour. We've supported Saint Anthony Community Hospital for over 15 years by decorating the walls and patient rooms of their Same Day Surgery wing with framed paintings and photographs. We regularly exhibit our work in the Albert Wisner Library with Art League exhibits in the Community Room, individual artist exhibits in the Board Room and many of us participating in the Community art exhibits on the main floor. We collaborated with the Village of Warwick Sesquicentennial Committee and the library to organize the "Warwick Through Time" exhibit of paintings and photographs of the Village of Warwick to celebrate its 150 year anniversary. We then produced commemorative note cards that were sold in Village stores, sharing the profits with the Sesquicentennial Committee to support the celebration. We also collaborated with the Warwick Historical Society to curate an exhibit to celebrate the newly restored original UAME Church on Forester Avenue. Our events normally include monthly workshops, demonstrations or lectures presented by various artists which are advertised in the local papers and weekly "Drop In And Paint" sessions which are all open to the public.

Because of the pandemic, the Senior Center on Kings Highway, which had hosted our events, has not been available to us for over a year. We had hoped to resume our events there in January, then in May, but we have recently learned that the center is only going to be available to the Warwick Valley Senior Club for the foreseeable future. We are hoping to resume our weekly painting/drawing sessions at the conveniently located, sheltered, and ideally furnished Pavillion at Memorial Park until the Senior Center is available or the weather gets too cold. We will call these sessions "Art in The Park". Artists of all levels will be welcome to bring their art supplies and create in a congenial, supportive and stimulating environment with other artists. We will publicize the Warwick Art League's "Art in the Park" sessions in the local newspapers..

We are requesting to reserve the Memorial Park Pavillion for all Wednesdays from May through October, 2021 from 10am-1pm. Since participants bring their own art supplies, there is no need for additional set-up and breakdown time,

Thank you for your consideration in this matter,

Carol Levitsky
Co-President, Warwick Art League

Mayor Michael Newhard
And Village Board Trustees
77 Main Street
Warwick NY 10990

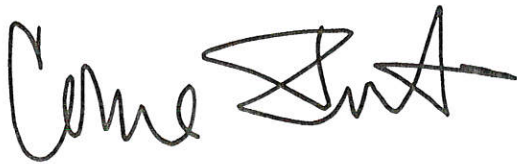

To Mayor Newhard and Village Board,

The Warwick Merchants Guild formally requests your permission to hold our annual event, Sidewalk Sale, on Main Street and Railroad Avenue on Saturday July 10th from 10am – 5pm and Sunday July 11th from 10am – 3pm. We request the following permissions for use:

1. Closure of Main Street parking spaces from Warwick Resource Group to Eddies Roadhouse.
2. Closure of Main Street parking spaces from WVT to Fizzy Lifting Candy Shop.
3. Closure of Railroad Avenue to vehicles for both days.
4. We would like request that the No Parking bags be put on the meters at 6 am to ensure that all cars are gone by 8am for the vendors to begin their set up on both Main Street and Railroad Avenue. It takes most vendors about an hour to break down after the event is over.
5. We understand the Warwick Garden Club is using Railroad Green to sell tickets for their Garden tour on Saturday, after speaking to them, we also request the closure of 2 parking spaces, on Saturday only, on Oakland Avenue, in front of RRGreen so their guests can park to purchase the tickets they are selling on the green. We will not be using the green for our event at all, just the street.

We thank you ahead of time for your consideration and letting us hold our successful events on the streets of the village.

Sincerely,

Corrine Iurato

Dear Members of the Village of Warwick Board of Trustees:

On June 5, 2021, we would like to celebrate the Warwick Valley High School Class of 2021 with a car parade. June 5th also represents 21 days until the graduation of the Class of '21.

Therefore, I am writing to request permission to hold the Warwick Valley High School Class of 2021 car parade according to the parade route outlined below.

9:00am Students will meet at Warwick Valley HS to line up and decorate cars.
10:00am Procession will begin and following the parade route outlined below.

- Leave Warwick Valley High School.
- Turn right onto West Street Extension.
- Turn Right onto County Highway Route 1.
- Turn left onto State Highway Route 94 South.
- Continue onto Oakland Avenue.
- Continue onto Main Street.
- Turn right onto Colonial Avenue.
- Turn right onto Forrester.
- Turn right onto Burt Street.
- Turn left into Park Avenue Elementary School parking lot(s) to remove loose/detachable decorations.

I have received verbal approval from the Warwick Valley Police Department approving the intended parade route. I will follow up with written consent as well.

Thank you for your consideration of allowing us to celebrate the senior class with a car parade.

Sincerely,

Marguerite Fusco
Principal, Warwick Valley High School
